Smashed potatoes

Love these with barbecued meat or beside a roast chook.

Need 1kg small chats (skin on) boiled until just cooked. Drain and dry in a tea towel. Place the chats in a lightly greased oven dish and press each one carefully with a fork until they pop open slightly. Drizzle with good virgin olive oil and sprinkle liberally with sea salt and fresh parsley chopped coarsely. Bake for 30-40 minutes 180oC until golden and crunchy. Serve with more finely chopped parsley sprinkled on top.
